So, we collected some of the pressing questions business may have about the suite.. The three months between the March 2018 appearance of the ProPlus feature upgrade and the July 2018 launch of the Office 2019 preview will give Microsoft time to digest feedback from customers and fix any bugs that surface.. Microsoft last year announced that there will be a successor to Office 2016, the non-subscription version of the application suite, and that the upgrade would ship in about a year.. What is a 'perpetual' Office? Microsoft categorizes software by how it is paid for, discriminating between a license that was bought outright from one that is essentially 'rented' because it's paid for over time, like a subscription.. The bundle, named 'Office 2019,' will be geared to customers, primarily corporate customers, 'who aren't yet ready for the cloud,' according to Microsoft.
